

Dear Resident,

The City of Edinburgh Council has appointed Allsports to construct the new 3G sports Pitch at Wester Hailes Education Centre. We will be commencing works on Monday 23rd November 2020. The works will take approximately 18 weeks and forecast completion in March 2021.

During the works, the existing ash pitch area will be securely fenced off as shown below in red, and this might affect the routes you may take whilst out walking. The existing grass pitch area to the West and the existing access route to the school along Murrayburn Drive will not be affected, and the pathway adjacent to the canal will remain open, but there will be no direct route between the grass pitch area and the school.

You may also notice an increase in construction traffic along Calder Grove and Murrayburn Drive, especially in late January to Mid-February whilst we import the majority of the materials required to construct the pitch.

Our **working hours will be 8:00am to 16:30pm** during the winter months, and we will not have any deliveries during the school intake and leaving times shown below, in order to protect pupils at these busy times. Due to the ongoing COVID-19 restrictions, we will not be able to have any visitors to the site, in order to minimise contact between our site staff and the public and protect you and your family. If you require any further information during the works, then please email me at joe.canavan@allsportscm.co.uk or call me on **07740 151799**

We thank you for your understanding whilst we carry out these improvements to the local facilities.

Joe Canavan – Contracts Manager for Allsports Construction & Maintenance
