

Lets get ourselves settled.

How many words can you make out of:
Creation

Acorn Ratio React

Care Coin Tier Acre Rice Iron Trio

Eat Ear Ace Act Art Cat Oar

An It In

Starter Task

Write today's date 19/02/2021 into your jotter.

Have a look at the 6 days of creation below. Three are missing, what are they?

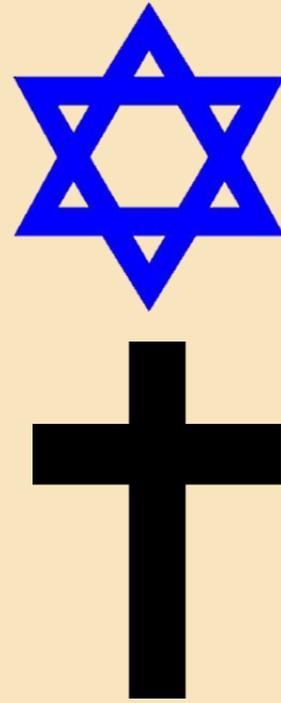

God Created light

God created dry ground (the land)

God created sea creatures and birds

Learning Intention

1. To explore creation stories found in the Western religions.
2. **To be able to explain different Judeo-Christian views on creation.**

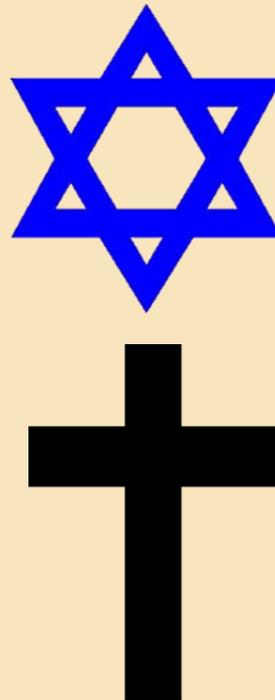

Key words

Old earth
Young earth
Literal
Interpretation

Success Criteria

I can:

- describe the creation narrative found in Genesis.
- **Compare different beliefs about creation.**

Key words

Old earth
Young earth
Literal
Interpretation

We will finish our storyboard/ diary.

Creation

Task 2

We have a **choice** of two tasks to show our understanding.

1. Complete a story board that shows the 7 days of creation.
2. Imagine God kept a diary, write a response about Him creating the world in 7 days.

I can use my knowledge to creatively retell a story I have learned.

Creation

Task 3

We are going to learn about two different beliefs about the creation story.

1. Young earth creationists
2. Old earth creationists

Both believe that the Bible is the literal word of God.

Literal means that the narratives found in Genesis should be taken as **fact**.

Creation

Task 3

You will find the worksheet in the Teams page in your RME folder.

We will first read this together as a group.

Then you will answer the questions.

The questions are separated into three colours: **bronze**, **silver** and **gold**.
The gold questions are more challenging as they are developing your analysis skills!

Plenary

Match up our key words with the correct definition.

Old earth

Young earth

Literal

Interpretation

When people have different understandings of the same thing.

means that the narrative found in Genesis is understood as fact.

The earth is very old as a day in the Bible could be thousands of years!

the world was created in six days, in exactly the order described in Genesis.
