

Wester Hailes High School – Spanish – Home Learning Instructions

Hi S2

The Booklet you can download on this website is designed to help you continue with your learning while working from home. It covers a variety of topics, some of which should be familiar to you from last year. You can use this time to revise those topics and to familiarise yourself with new topics that we will cover this year in person when we are back in school.

You may not be able to complete all questions, which is fine. If at any time you need advice or help remember you can email me. You can also return work this way too.
