

S2 Craft and Design

Wednesday 3rd February 2021

Lesson Intentions

To review my understanding of Plastics used in the workshop

Success Criteria

- 1) I Must -- be able to identify the problems with working with plastic
 - 2) I Must -- be able to describe the different ways of cutting and shaping plastic.
-

Activity

Attached is a worksheet labelled shaping plastics at the top and labelled at the bottom 'worksheet 35'. Please read the information on the worksheet and answer the questions at the bottom. All the answers to the questions are in the text provided.

When you have completed your work, please email your answers to the questions and send me a photo to: -
