

S3 Practical woodwork

Week beginning 15th February 2021

Lesson Intentions

To review my understanding of how wood can be shaped by laminating

Success Criteria

- 1) I Must -- recognise the techniques used in laminating timber.
- 2) I Must -- be able to explain how laminated timber improves its strength
- 3) I Must -- be able to identify the different types of jigs used in laminating material

Activity

Attached is a worksheet with a heading "shaping wood - Laminating". Please read the information on the worksheet and answer the questions at the bottom. All the answers to the questions are in the text provided.

Please email me with you work on:-
